

A Fusion of the Art and Science of Light

SPECIFICATIONS :

model: Cubx - CX01 wall/ceiling mount
primary power: 120V or 277V special order
compliance: UL Listed for dry, damp or wet locations
construction: Anodized aluminum framework
finishes: CAA - Clear, BAA - Brown, ZAA - Bronze or GAA - Gold
dimensions: Standard approximately 6' square, 22" high
lens: Translucent white panel
lamp color(s): See color chart on Details sheet
date: November 3, 2008

FEATURES :

Initially created for Marriot Hotel the Cubx is a sleek enclosed box of illumination. Cubx work well grouped in large spaces, as well as along hallways and corridors. Cubx frames come in a variety of metal colors and are covered in a translucent white panel allowing light to emanate from the top as well as the sides. The standard size measures almost 6 foot square and extends off the ceiling approximately 22". The light source is typically standard florescent fixtures but also can be fitted with cold cathode or LED. They can be mounted or hung from ceilings, attached to walls or placed freestanding.
