

A Fusion of the Art and Science of Light

SPECIFICATIONS :

model: LN01
primary power: 120V, 277V special order
compliance: UL Listed
control: Dimming compatible
environment: Dry, damp or wet
dimensions: Various
lamp color(s): See color chart on Details sheet.
date: November 3, 2008

FEATURES :

Lineon is ACL's neon solution offering seamless illumination for linear architectural outlines. Lineon is perfect for long extensions of illumination along a building or structure. An attractive lighting solution to follow shapes and contours of buildings. Lineon is relatively economical and have an extended life. They are available in many colors and provide minimal maintenance. They can be mounted to walls, ceilings and can be custom designed to meet a clients individual needs. Lineon has an elegant quality expressing ACL's emphasis on art and design while exhibiting a great deal of thought and detail into every neon project.
